

CH-PC Water Pressure Systems

Water supply for house and garden

The Grundfos CH-PC is the ideal pump for household water supply, as it minimises annoying shower pressure fluctuations and incorporates dry run protection.

GRUNDFOS 

Features

- Low energy consumption
- 2 year full warranty
- Range from single outlets to residential irrigation applications
- Quiet operation
- Vital parts made of stainless steel
- Compact design

CH-PC Performance Data

Model	Discharge Pressure (kPa / psi)									Connection Size	Net weight
